STATINTL

My plans are still in place to be in Los Angeles on Tuesday, the first of December. I plan to arrive in Los Angeles Monday night at 7:40 p.m.

Since I will already have had dinner and because this will be well past your family dining hour, may I suggest that we convert our tentative arrangement for dinner together into a leisurely evening conversation?

If this is acceptable, I will call at your home about 8:30, somewhat travel weary.

Most sincerely,

Albert D. Wheelon
